RENEWED PETITION UNDER 37 CFR 1.47(a)

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This is a Renewed Petition pursuant to 37 CFR 1.47(a) and MPEP 409.03. The original petition was dismissed without prejudice on August 15, 2007. A Renewed Petition was filed on December 7, 2007 and it was believed that this Renewed Petition was extendible under 37 C.F.R. 1.136; however a Notice of Abandonment was mailed November 19, 2007. A Decision on Petition Under 37 CFR 1.47(a) was issued on February 11, 2008 vacating the Notification of Abandonment, and dismissing without prejudice applicants' petition under 37 CFR 1.47(a) as this renewed petition had been found to be missing certain information.

A copy of the letter dated September 21, 2007 indicating that a complete copy of the application papers were enclosed and a copy of the Registered Post Customer Receipt acknowledged by Mr. Drew are attached hereto as part of this Renewed Petition.

Should any additional fee be required for consideration of the attached papers, the Office is authorized to charge Deposit Account No. 02-4800, referencing the Attorney's docket number above.

### STATEMENT

Pursuant to 37 CFR 1.47(a), co-inventors, Alfred Norman Ducksbury and Darryl K. Josey, and assignee, Nauveau Technology Investments, Ltd. respectfully state that co-inventor Daniel Maxwell Drew (non-signing co-inventor) refuses to join the application for patent. Mr. Ducksbury, Mr. Josey and Nauveau Technology Investments, Ltd. request that the application be accepted for examination and that the attached Declaration under 37 CFR 1.63 be accepted without the signature of the non-signing co-inventor. The inventors have agreed to assign the invention to Nauveau Technology Investments Ltd. A copy of the executed assignment by Alfred Norman Ducksbury to Kajang Nominess Pty. Ltd. (Exhibit A) and from Kajang Nominees Pty. Ltd to Nauveau Technology Investments Ltd. (Exhibit B) is attached hereto.

This action is necessary to preserve the rights of the assignee and co-inventors, Alfred Norman Ducksbury and Darryl K. Josey, in the present application otherwise irreparable damage would result since the application could not be properly filed as a National Stage Application under 35 U.S.C. 371 and would go abandoned.

A copy of the Declarations under 37 CFR 1.63, but with the signature blocks of co-inventor Daniel Maxell Drew left blank, as permitted by MPEP 409.03, is being submitted concurrently herewith (Exhibit C).

A *bona fide* and unsuccessful effort was made to present the application papers (including the specification, claims, drawings and ancillary papers filed under 35 U.S.C. §371, the Declaration under 37 CFR 1.63 and an assignment) to the inventor for review and signature, which are referenced on the attached letters (Exhibit D - copy of letter and receipt notification indicating receipt by Mr. Drew (or a representative thereof)). Although, the documents were evidenced as having been received by the inventor, executed documents were not returned after diligent effort on these and prior undocumented occasions indicating an unwillingness of the inventor Mr. Daniel Drew to cooperate.

The last known residence addresses of the non-signing co-inventor is provided below:

**Daniel Maxwell Drew** (This is believed to be the current home address of Mr. Drew).

The Commissioner is authorized to apply any uncovered charges, or any credits, to Deposit Account No. 02-4800 referencing client/matter no. 1034381-000001.

1. Mr. Daniel Maxwell Drew, Mr. Alfred Norman Ducksbury, and Mr. Darryl K. Josey are listed as co-inventors of the above-identified application for letter patent.

2. I have knowledge regarding the unwillingness of the inventor, Daniel Maxwell Drew, to execute the necessary papers in compliance with U.S. Patent Laws.

3. I, in an attempt to resolve matters with the inventor, Daniel Maxwell Drew, have on at least 4 occasions contacted the inventor by writing in an attempt to obtain the necessary signatures. No response was obtained from Mr. Drew. In addition, on at least three prior occasions (i.e., 12 May

4. I am aware of difficulties arising between the inventors and business parties following the filing of the above-identified application of a personal nature. These difficulties have resulted in a lack of cooperation by Mr. Drew.
